

PRODUCT DATA SHEET

CHEM WARE

HIGH PERFORMANCE WARE WASHING MACHINE DETERGENT

High Performance Cleaning Power for consistent results:

CHEM WARE is a highly concentrated, non-abrasive, highly alkaline liquid detergent formulation. It breaks down the tough, stubborn food soils, greases and oils that ordinary detergents miss.

Helps reduce spotting and streaking:

CHEM WARE contains water conditioning ingredients to help reduce spotting and streaking. It promotes free rinsing and rapid drying.

Specially formulated for Industrial Use:

When used as directed, CHEM WARE is safe for use on institutional china, glassware, stainless steel and silver flatware. It is not recommended for use on soft metal such as aluminum.

Convenient, Economical Dispensing:

CHEM WARE is designed for use with liquid dispensing systems. Because it is pumped directly from its shipping container, re-handling, measuring, spillage and misuse are eradicated. Automatic dispensing assures economical use cost.

Consult your CHEM CLEAN Specialist for specific use directions.

GENERAL USE DIRECTIONS:

The rate of dispensing is set in the dispensing system by a CHEM CLEAN specialist. No adjustments to the dispensing rate should be made except by a CHEM CLEAN specialist.

Ensure that the final rinse is functioning.

CHEM WARE is not recommended for use on aluminum and other soft metals.

Not for use in domestic machines.

KEEP OUT OF REACH OF CHILDREN.
DO NOT MIX WITH ANYTHING BUT WATER.
DO NOT REUSE CONTAINER.
FOR INDUSTRIAL USE ONLY.

ACTIVE INGREDIENTS:

Surfactant Blend
Potassium Hydroxide

DANGER:

It causes severe burns. Contains over 10% sodium hydroxide. Harmful or fatal if swallowed. Eye irritant. Protect skin, eyes and mucous membranes from contact with this product and solutions of it. Wear rubber gloves.

FIRST AID

EXTERNAL: Immediately flush skin with plenty of cool running water for at least 15 minutes. Immediately remove contaminated clothing and wash before reuse.

EYES: Immediately flush with plenty of running water. Remove contact lenses, if applicable. Continue flushing for at least 15 minutes.

INTERNAL: If swallowed consult a Physician. **DO NOT** induce vomiting. Rinse mouth. Immediately drink a large quantity of raw egg, milk or milk of magnesia followed by large quantities of water. Never give anything by mouth to an unconscious person.

GET MEDICAL ATTENTION IMMEDIATELY.
