

PRODUCT DATA SHEET

DRAIN CLEAN DRAIN DECLOGGER AND CLEANER

Versatile:

DRAIN CLEAN is a sodium hydroxide based product and a versatile super cleaner. Use **DRAIN CLEAN** to clear household drains and clean outdoor drains. It contains water conditioning agents allowing it to perform equally well in hard and soft water.

Household Drains:

DRAIN CLEAN effectively removes grease, grime, food particles, fat build-up in kitchen sink drains as well as hair and other material from bathroom drains.

Open Drains:

DRAIN CLEAN performs well in removing moss and mildew from open drains, clearing stench due to collection of food particles.

Economical:

DRAIN CLEAN is an economical cleaner and saves cost of a plumber and expensive drain maintenance programs.

Consult your CHEM CLEAN Specialist for specific use directions.

GENERAL USE DIRECTIONS:

Household Drains: Use one cup of DRAIN CLEAN. Pour directly into clogged or re-stricted drains, let stand for ½ hour, then flush with water. For totally clogged drains, leave the product in the drain overnight before flushing.

Open Drains: To clean mossy and mildewed outdoor drains and surfaces, mix one part of DRAIN CLEAN with ten parts of water, pour into affected area, let stand for ½ hour then scrub lightly with a stiff brush. Rinse thoroughly with clean water.

KEEP OUT OF REACH OF CHILDREN.
DO NOT MIX WITH ANYTHING BUT WATER.
STORE IN A TIGHTLY CLOSED CONTAINER.
DO NOT REUSE CONTAINER.

ACTIVE INGREDIENT:

Sodium Hydroxide

DANGER:

It causes severe burns. This product must always be handled with care as it contains a very high percentage of sodium hydroxide. Harmful if swallowed. Eye irritant. Protect skin, eyes and mucous membranes from contact with this product and solutions of it.

FIRST AID

EXTERNAL: Immediately apply vinegar, if readily available. Immediately flush skin with cool running water for at least 15 minutes. Immediately remove contaminated clothing and wash before reuse.

EYES: Immediately flush with plenty of running water. Remove contact lenses, if applicable. Continue flushing for at least 15 minutes.

INTERNAL: If swallowed, do not induce vomiting. Rinse mouth. Immediately drink a large quantity of raw egg, milk or milk of magnesia followed by large quantities of water periodically. Never give anything by mouth to an unconscious person.

GET IMMEDIATE MEDICAL ATTENTION.
