

PRODUCT DATA SHEET

FC-1 HEAVY DUTY ALKALINE FLOOR CLEANER

Three-way Cleaning Action:

1. FC-1 dissolves the toughest types of soil on floors
2. It penetrates deeply to dissolve and carry away hidden soils.
3. It emulsifies soil particles into a suspension which is readily removed by chemical action and rinsing.

FC-1 conquers almost any soil problem.

Low Foaming:

Easier, faster pickup and rinsing for better cleaning efficiency with self propelled machines.

Multi-purpose Cleaner:

Use FC-1 to remove soil and grime, oil and grease deposits, wax film and soap scum. Use on concrete, terrazzo, glazed tile, quarry tiles, vinyl, composites, sealed wood. Use with hot or cold water.

FC-1 is highly recommended for clay tiles, kitchen floors and garage floors.

Consult your CHEM CLEAN Specialist for specific use directions.

GENERAL USE DIRECTIONS:

For daily cleaning of concrete, quarry tile or other hard surface floor not protected with synthetic finishes or waxes:

1. Mix 1-2 oz of FC-1 per gallon of hot water.
2. Apply with a floor machine or mop. Heavy or stubborn soils may require agitation with brush or stiff bristled push broom
3. Pick-up solution using a mop dipped in clean, hot water and allow the floor to air dry.
4. For floors left unclean for a lengthy period of time, use 4-6 oz of FC-1 per gallon of hot water, then follow procedures 2 and 3.

KEEP OUT OF REACH OF CHILDREN.
DO NOT MIX WITH ANYTHING BUT WATER.
STORE IN A TIGHTLY CLOSED CONTAINER.
THIS PRODUCT IS BIODEGRADABLE.

ACTIVE INGREDIENTS:

Ethylene Glycol Monobutyl Ether
Tetra Potassium Pyro Phosphate

CAUTION:

Product has a high pH value which can cause irritation and burns. Harmful if swallowed. Protect skin, eyes and mucous membranes from contact with this product and solutions of it.

FIRST AID:

EXTERNAL: Immediately flush skin with plenty of cool running water for at least 15 minutes. Immediately remove contaminated clothing and wash before reuse.
