

LIQUID HAND SANITIZER 70%

TECHNICAL SHEET

DESCRIPTION

Liquid Hand Sanitizer is formulated with 70% Isopropyl Alcohol to clean and sanitize hands without the use of soap, water or towels as it effectively eliminates numerous bacteria and viruses on hands within seconds. It is formulated with skin moisturisers which leaves your hands silky smooth after use. Liquid Hand Sanitizer 70% can also be reformulated without the moisturising agents and it can be used to sanitize hard, non-porous high touch surfaces whilst leaving a pleasant aroma. It is ideal for use in hand sanitizing applications in Healthcare facilities, Food Processing industries, Nursing Homes, Transportation facilities, Supermarkets, Schools, Institutions, Office Buildings, Restaurants, Hospitality, at home and many more.

EFFECTIVE AGAINST:

- Avian Influenza A (H1N1, H3N2, H3N8)
- Human Immunodeficiency Virus (HIV-1)
- Influenza B
- Staphylococcus aureus
- Herpes Simplex Virus types 1 and 2
- Streptococcus pyogenes
- And many more....
- Human Coronavirus (229E, NL63)
- Zaire Ebolavirus
- Salmonella enterica and typhosa
- Escherichia coli
- Hepatitis B Virus (HBV)
- Mycobacterium tuberculosis

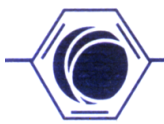

PRODUCT FEATURES/BENEFITS

- Contains 70% Isopropyl Alcohol as it kills 99.9% of bacteria and common viruses.
- Non-sticky, fast-drying and contains additional moisturisers.
- Can be used in automatic spray dispensers and trigger spray bottles.

DIRECTIONS FOR USE

Hand sanitizing: Spray a liberal amount of Liquid Hand Sanitizer 70% to the palm of hands, rub gently to cover all surfaces of both hands (between fingers and back of hands) until hands are dry. Do not use if your hands are visibly dirty or greasy.

Surface sanitizing: Apply a liberal amount of Liquid Hand Sanitizer 70% to any hard surface. Wipe with a clean cloth or allow to dry.
